Tips: Important Strategies

- Collect the following documents to apply to the VA: DD-214, current health information, and wage and financial data. Applications are accepted by in person, online, over the phone, or by mail.
- After enrollment, a Veteran is assigned to a Patient Aligned Care Team (PACT). This includes a physician, nurse, and social worker.
- Keep a list of questions about symptoms, medications, and treatments when visiting with your Veteran's PACT.
- Planning ahead can help alleviate a lot of stress. Consider talking to your PACT social worker about an advanced directive with the Veteran in your life.
- Ask the PACT social worker how to connect with the local Caregiver Support Coordinator (CSC).

Takeaways: Things to Remember

- The Veterans Health Administration (VHA) is dedicated to providing outstanding health care for all eligible Veterans who served their country.
- As a caregiver, you are a very important part of the Veteran's PACT. Never underestimate how much you matter to the team.
- Your advocacy and support for the Veteran in your life is a critical part of his/her care.
- Don't be afraid to speak up and ask your questions. They matter.
